

Dear Parent/Guardian,

This letter is to inform you that a student in your child's classroom has a severe food allergy to nuts. It is important that there is strict avoidance to this food in order to prevent a life-threatening allergic reaction. We are asking your help to provide the student with a safe school environment.

Any exposure to nuts may cause a life-threatening allergic reaction that requires emergency medical treatment. To reduce the chance of this occurring, we are asking that you do not send any nuts containing products to school with your child that will be eaten in the classroom. If your child has eaten nuts before coming to school, please be sure your child's hands and face have been thoroughly washed before entering the school.

We appreciate your support of these procedures. Please complete and return this form so we are certain you have received this information. Please contact me if you have any questions.

Sincerely,
Mrs. Vitone

I have read and understand the nut free classroom procedures. I agree to do my part in keeping the classroom peanut and nut free.
